

# New Home of Dixie Felt Mattress

The new home of the Dixie Felt Mattress means greater production for our customers—more efficient service and as heretofore, the greatest mattress on the market today. A Dixie label on a mattress is a safeguard against inferiority. It means a mattress manufactured of only the best cotton. Cotton used in Dixie Felt is 100% new and is woven into clean, dustless, absolutely sanitary white felt layers, which are built up by hand into Dixie Felt Mattresses.

## TO THE DEALERS

While the demand for Dixie Felt has been greater than the supply, we will shortly be in position to fill orders without the usual delay. If you are not carrying Dixie Felt Mattresses in stock write us for further information and prices.
