

L. C. BRITE

Breeder of Pure Bred Hereford Cattle
Marfa, Texas

For more than 30 years Luke Brite's Bar Cross brand of line-bred herefords have stood the test. More than ten thousand herd bulls have been sent to the ranges of the southwestern states and Old Mexico from this famous herd. Twenty-five hundred carefully selected breeding cows are at the head of this herd and the bulls are carefully selected individuals of the choicest quality. For the past ten years Mr. Brite has been furnishing calves to the corn-belt feeders which met with the greatest degree of satisfaction. For uniform quality and type this herd is not excelled. Club calves a specialty. The type that furnishes more beef for the feed consumed and more meat on the block.
