

The famous Circle herd can supply the breeder with the best to be found in bulls and the best in feeder calves. Breeding cows and heifers bought from this herd gives the purchaser the advantage of many years of careful breeding. Constant use of the best pure bred sires available since 1875, and the concentration of the blood of Prince Domino of late years is bound to give results. There is no substitute for quality.

W. T. JONES RANCH  
MARFA, TEXAS

## SMITH BROTHERS

We raise and sell market-topping feeders from our commercial herd and the kind of bulls that sire them from our pure-breds. We usually have breeding cows and heifers for sale, and the best thing to do is try to beat the other fellow to them.
