
Gone Beyond.

The remains of Joseph Gist, who died last Saturday, was buried yesterday afternoon in the cemetery at Concordia. He was father-in-law of W. B. McLackland, and came to El Paso eight years ago from Kansas, where he belonged to the I. O. O. F. lodges of Lawrence and Leavenworth. He was 58 years old, and was a man of generous and noble impulses. He has been in very poor health for a long time, yet his death was rather unexpected. He was loved and respected not only by his family, but by a large circle of friends who deeply mourn his death. The death of such a man leaves a pain in loving hearts which only time and the tender mercies of Him who giveth and taketh can appease.
