

## DEATH OF MRS. RECKHART.

### Mother of D. W. Reckhart Passes Away Suddenly.

Yesterday D. W. Reckhart, proprietor of the Independent Assay office, received a letter from New York announcing that his aged mother died at her home in that city on the 23rd of this month. The deceased was 80 years of age and when Mr. Reckhart last heard from her she was in apparently splendid health and gave promise of living years longer. But the end came suddenly. Age had sapped away the last spark of vitality without showing any exterior decay and the collapse was unexpected and a severe shock to the estimable old mother's son in El Paso.
