

Dr. Isaac E. Webb.

Dr. Isaac E. Webb died very suddenly at his residence on Magoffin avenue this morning about three thirty o'clock. While it was known that he was in delicate health, no one thought of his sudden demise. Yesterday he met Dr. Wiley of McKinney, Texas, who is here attending the Knight Templars conclave, and the day was spent in driving around town and otherwise entertaining his old friend. Last night friends were entertained at the residence and a very pleasant evening was had. This morning, a few minutes after three o'clock, Dr. Webb was attacked with hemorrhage of the lungs and passed away in a short time.

Dr. Webb was a graduate of Atlanta medical school. After finishing his studies he moved to McKinney, Texas, where he lived until he came to El Paso for the benefit of his health four years ago. He was born thirty-six years ago in Alabama, La. A wife and three children survive him. The remains will be prepared by Nagley & Carr and shipped to McKinney for interment. A brother will arrive tomorrow to arrange for the funeral services to be held here.

Mrs. Webb is heart broken and the sudden death of her husband is a great shock to the entire family and friends.

Hermenegildo Ponce.

Hermenegildo Ponce died in Juarez on Monday and was buried today in the Juarez cemetery. The deceased was a cigar maker in the employ of Kohlberg Bros., and the funeral this morning was under the auspices of the cigar makers' union. Several from El Paso attended.
