When you're seeking a good steak, Mexican food, or just a sandwich and a glass of cold beer, the Vallee Cafe, 3314 Dyer Street, is the place to go. Here you'll find delicious home-cooked food, a quiet, refined atmosphere, and a friendly welcome.

Mr. and Mrs. R. B. Vallee, owners of the cafe, have been in the catering business in El Paso for years and their patrons know just what to expect when they drive out to their establishment for a full meal or a quick lunch. Mrs. Vallee personally supervises all of the cooking and she is famous for juicy, tender steaks and home cooked Mexican foods.

Mrs. Vallee's Mexican foods are well known for their pleasing native flavor and wholesome ingredients. She is an expert in preparing all kinds of native dishes that are so popular with restaurant goers. Her tacos are noted for freshness and crispness and they're a favorite with Vallee customers.

The Vallees serve only the best of graded and stamped beef for steak dinners. These steaks are prepared in a manner to please any gourmet.

Mr. Vallee said today: "We're exceedingly pleased with the patronage which has been extended us since we opened our new place on Dyer Street. Many of our old customers have been with us and we've gained a lot of new ones. Fort Bliss people have been especially nice to us and we're glad if our service has pleased them."

"We've found that catering to family trade especially has helped us. The clean quiet atmosphere here has appealed to family groups from all over the city. We insist that our cafe be quiet and well ordered."

"Next time you drive out Dyer Street in the evening drop in and inspect our cafe. You'll enjoy its clean, friendly air. We have your favorite brand of beer, and we'll prepare your own order for meals in the way you want it."
