El Paso Cafe Operator Finds Variety Assures Satisfaction

Variety that guarantees satisfaction for all kinds of appetites is the menu at Spann's Tourist Cafe, operated by W. H. Spann at 2217 Texas Street.

Spann, who has catered to the public taste for 25 years, offers every cafe attraction, from breakfast and noonday lunch to the pleasure of dancing at night with accompanying refreshments.

This cafe also features high class Spanish dishes, making a specialty of enchiladas and tacos as well as other Mexican favorites.

"Our intention is to serve promptly, at counter or curb, as well as dining room, a wide variety of delicious foods and refreshing drinks," said Spann. "Not only for the persons of this growing business community on Texas Street but also for those from downtown who will find it just a nice drive for noon lunch to get completely away from work for an hour."

On Saturday, Sunday and Wednesday nights excellent music is furnished for those who desire to dance and enjoy delicious food. All kinds of soft drinks are served as well as favorite brands of beer and wine.

Tourists from the east, entering El Paso over U. S. Highway 80, and those from the north over Highway 54 find the special service for them at Spann's Tourist Cafe very convenient.
