**T**HE PATIO GIFT SHOP, under the management of Mrs. Mae Griffith, announces the opening of an exclusive Mexican and Indian shop, in the Hotel Hussmann arcade.

El Pasoans will find there a very large assortment of interesting articles in Mexican and Indian decorative objects.

Mrs. Griffith, who has just completed an extensive trip through the manufacturing centers of Mexico and the Indian reservations, has gathered the most attractive and unique ornamental pieces, typical of these sections, and so popular in the Southwest.

In the decoration of the new shop, Mrs. Griffith has been particular in arranging color scheme, so as to show off the goods of the Southwest to their best advantage.

In connection with the Annex Shop will be found a most artistic room for the display of the latest and most original creations in lamps. This room has been especially designed to enable prospective customers to judge color effects and harmonious lighting. More than ever lamps play a highly important part in decorative effects, whether lighted or simply an object of art. New pottery lamps form a special feature of the opening display in the Art Lamp section.
