On Monday the 4th instant, the State National Bank will open in the new building on San Antonio and Oregon streets. By Wednesday the 6th instant, the officers will be fully settled in their new quarters and will keep Open House on that day from 11 o'clock A.M. to 4 o'clock P.M. Their friends and patrons, one and all, and the city officials are, cordially invited to call at any time during the hours above mentioned. This popular institution fully deserves the liberal patronage bestowed upon it. Their officials were the first to erect substantial brick buildings in the city. Mr. Bassett, Judge Magoffin, Mr. Austin and Mr. Morehead have all erected substantial buildings and the State National Bank block will pass in any city. These gentlemen have always labored to promote the interests of our merchants, mechanics and business men and have been untiring in their efforts to obtain lower freight rates and to concentrate the trade from all the surrounding country.

The merchants of El Paso met last night at Emerson & Berrien's old warehouse, on San Antonio street and erected the organization of the El Paso Board of Trade. A preliminary meeting had been held some weeks ago and a committee appointed to report a plan of organization. This committee consisted of Messrs. J. Julian S. Schutz, W.G. Walz, W. Emerson, W.M. James, M. Ullmann, and L.H. Davis. Last night they reported a plan providing for the organization of a board of trade, to be composed of the mercantile firms of El Paso and to be directed by a board of seven directors, this board to elect from their own number a president and vice president and from the body of the whole board a secretary and treasurer. An election was held which resulted in the following board of directors: J. Julian, J. Schutz, S. Schutz, M. Ullmann, C.L. Pierce, Z.T. White, and C.R. Morehead. This board then elected J. Julian president, C.R. Morehead vice-president, W.G. Walz secretary, and G.W. Emerson, treasurer. Messrs. L.H. Davis, M. Ullmann, and F.W. Merrick were appointed a committee to draft a constitution and by-laws and report at the next meeting, and a committee composed of Z.T. White, and C.L. Pierce was also instructed to memorialize the city council if at its meeting to-day, urging that no more franchises be granted to monopolies and that more especially no franchises be granted to what is known as the market house company. The board then adjourned to meet at the same place the evening of Friday, March 2nd. The following firms were enrolled as members

of the board of trade: W.G. Walz, Lightbody and James, State National Bank, White Brothers and Davis, C.T. Jackson and Co. Stewart and Sutherland, Merrick Brothers, Newton and Andrews, I. Haas, White and Hardy, M. H. Dreyfus and Co., Emerson and Berrien, Joseph Schutz, J. Calisher, M Ullmann, P.E. Kern and Co., Spring Brothers and Davidson, W.R. One of the most important events of the week thus far was the visit this morning of a number of prominent citizens to the site of the new school house, to inspect the brick that Schyster had hauled there to put into the walls of the building. As soon as he learned that his sun-dried brick were attracting attention he ordered them hauled back to the brick yard, claiming that they had got mixed up with the good brick by mistake. County Judge Rogers, Commissioner Julian, C.R. Morehead, Robert Campbell and others of our principal citizens saw the brick and as one of the party remarked, they resembled the three Hebrew children in that there was not even the smell of fire about them. We say this is one of the most important events of the week because it has convinced the public that the accusations of this paper against this utterly corrupt public official are true. We now ask the public why the term

“thief” should not be applied to rob and swindle, just as it would be applied to the miserable wretch who climbs over your back fence and steals your chickens. Why does not some citizen of the second ward who wants to see his ward respectably represented circulate a petition to the city council to expel him from that body? Why should his stores and houses and lands protect him? Will respectable men longer associate with him? If he were a *petty* thief every body would be spurning him. What reason is there that he should not be treated like any other thief!

Responsive to the call of the mayor and council there was a meeting of citizens at Schutz's opera house last night to discuss the proposed White Oaks road and meet Mr. Tibbitts, who represents the parties who propose to build it. Mayor Lightbody was elected chairman and W. B. McLachlen secretary. Mr. Tibbitts stated that the money for building the road was ready, and that he had been instructed to meet the citizens of El Paso and find out what amount of money they would donate, the money not to be called for until fifty miles of road bed had been graded. J.H. Britton with the remark that "talking don't build railroads, it takes money," offered to subscribe \$1,000 and thereby caused the subscription movement to start out with a great deal of enthusiasm; Judge Crosby offered \$1,000 and an additional \$1,000 if necessary, Mr. Detwiler offered \$1,000 for Mr. Satterthwaite; Mr. Campbell offered \$1,000; Mr. Bassett offered \$1,500 and the meeting was in a fair

way to raise \$50,000, when Messrs. Krakauer and Zollars expressed themselves as not in favor of immediate subscription and made a motion that a committee of five be appointed to solicit subscriptions, and after a great deal of discussion a vote was taken and the motion was carried. The chairman then appointed the committee as follows: J.F. Crosby, C.R. Morehead, A.M. Loomis, R.F. Campbell and Chas Davis.

It is now the talk that Morehead will fight to a finish and the other faction is just as determined, so a hot fight is promised. The proposed compromise was to save the expense of paying so many poll taxes.
